A MESSAGE FROM PASTOR RAYMOND

How would you expect Christ to heal you? What a question. However, many have preconceived ideas or thoughts about this. Some even expect God to move in a certain way. When you seek Christ we have to be open to receive His revelation and power to us. Remember Christ treats us as individuals. He knows what is right for us. We have to be open to receive His counsel. I tell you this because with the centurion soldier, he came seeking healing for his servant, Jesus was prepared and ready to go to his house to heal his servant, but he spoke the word of healing instead. Do you understand? We cannot, and must not put Christ in a box and expect Him to work as we think. We have to allow the Spirit of God to move and work and demonstrate His power in our lives. We are not to control Him, we are to work with Him, knowing that the Spirit of God is our LEAD. We submit, obey, His teaching and instruction. You may have to do something you have never done before to receive something from God which you have never received before. Again the nobleman came asking Jesus to come to his house and heal his son who was dying. Jesus did not go, but spoke the word of healing and his son was healed. But now with Jairus and his daughter. Jesus went with Jairus to his house, and it was that as Jesus and His disciples followed Jairus to his house, Jesus was immersed by a great multitude of people. As He was making His way through the streets a woman who had suffered from an issue of blood for twelve long years HEARD about Jesus and she knew He was passing by. This caused her to push and press and shove her way through the crowds. Mark 5 v 25-28. Let us read about this - 'And a certain woman which had an issue of blood twelve years. And had suffered many things of many physicians and had spent all that she had, and was nothing bettered, but rather grew worse. When she had heard of Jesus, came in the press behind and touched His garment. For she said, "If I may touch but his clothes I shall be whole". Let us make no mistake about this this woman had an incurable condition. There was absolutely nothing that man could do to help her . . . nothing! 12 years she suffered. The problem was this 'issue of blood' causing her body to waste away. Weak, she no doubt could hardly walk, little strength, little energy, walking barely possible, and yet she was determined. Every move forward 'an effort', none of this sitting at home waiting for Jesus to arrive. No. She was going to get to Jesus. Think about how this condition must have affected her. How she thought, how she did her everyday chores, what had she gone through during these past years? Maybe someone reading this may be in a similar situation today. We are aware today of many crippling, incurable diseases where no man can do anything apart from trying to make it more bearable or comfortable to live with. Begin today to make some effort to reach out to Christ in whatever way you can. He is nearby to you, push through your barriers to get to Him. Jesus will individually meet with you. In Jesus Name . . . AMEN.
