### A MESSAGE FROM PASTOR RAYMOND

Some say that they believe in Jesus. You may be such a person. However, the bible tells us that in believing we have to exercise faith. This force we call faith is what moves God to act on our behalf. In believing in Jesus we not only have to believe that He is the Son of God, He died upon Calvary's cross shedding His precious blood, He died and was buried. We believe this yet we also must believe that God raised this Jesus to life from the grave.

This faith in the resurrection takes us beyond the normal circumstances of life because we are all destined to die. However, faith in the resurrection takes us beyond the grave, signifying and saying that YES there is life after death and that in Christ all shall be made alive. This then takes us on a little further in our belief, because if Christ is raised then judgement follows. So we could continue on this matter, however, what I am saying is this. To believe is one thing, because even the demons believe and they tremble, but out of our belief we exercise faith in Christ then we proclaim who Christ really is, and who God really is, and in the acknowledgement of the resurrection we proclaim the power of God, because the Spirit of God, who raised Jesus from the dead "lives in you".

When we recognise the God Head abiding in us we should be aware of the newness of life, the victorious life. The overcoming power in life dwells in you and me and nothing becomes impossible, for all things are possible to them that believe, so in our belief we exercise faith. What do we exercise faith in? Answer . . . who we believe in! AMEN. For you to move forward you must have a fresh revelation of the life of Christ and the power of His life that is imparted to your spirit, soul, and body. The life and power of Christ's life effects every ounce of your being, every area of your being, no area has been left untouched as you believe in Christ.

Every soul that Jesus touched during His ministry on earth is a means by which God our Father reveals His will to us. Jesus touched and healed the sick and the diseased and He drove our demons releasing the person to a whole new life. No longer were they bound by sickness, disease or demon possession. Not only this but Christ overcame and overpowered satan and all his antics in trying to prevent us from coming to Jesus with a heart filled with faith that moves God. We cannot create out of our own natural resources this kind of faith, all be it that many try. This kind of faith is what God gives, which comes to us as we believe His Word, undiluted, read it, picture it for real, and believe it. As you exercise faith in that Word God can do it, and you will receive the power of God to believe, and in so doing when events happen in your life for good you will give God all the praise and glory. You will KNOW that it was Him who intervened and demonstrated His Power in your life.

Even the dead could not stay dead when Jesus was around. As He spoke to death, death had to yield. Do you see this? In Christ death has no power over you. Death flees at the Name of Jesus, death yields at the Cross of Jesus, and in the resurrection death has been conquered. So, as you believe in Jesus the power is in the resurrection. Think about all the things that try and overcome us. Things that you might appear fearful over and your death is often in this area. Some have said that they are not frightened of death, but how it will happen to them. Those things that bring fear into your life. Faith in the resurrection of Christ enable us to become an overcomer because it takes you beyond the now, it takes you into the supernatural. Christ raised from the dead is one of the most supernatural events ever to happen, and praise God, we believe it. So we come to Christ in His death to enable us to be freed from the power of sin which brings death upon us all, and as Christ abides in us so the power of His resurrection which has overcome victoriously death. Death no longer has a sting for the Bible tells us that it is much better for us to loose our life in Christ here on earth and to be with Him forever in Eternity. We need a fresh look at the life and power of Jesus and we need to start to live as we confess Christ resurrected.

How do you stand before God today? Who is Jesus to you? Begin to allow the Power of God, the Holy Spirit, to raise you up in the Power of the Resurrection. Are you willing today to do this? It will change your life.

To the Glory of God, in Jesus Name . . . AMEN.
